A man in a dark shirt is looking at a glowing blue wireframe robot in a dark room. The robot is composed of many small circles and lines, giving it a digital, skeletal appearance. The background is dark with some floating data points and numbers like '502'. The overall scene suggests a high-tech or futuristic environment.

Okay, so like, masculinity—ugh, it's such a loaded word, right? People are always like, "Be tough! Don't cry! Lift heavy stuff!" And I'm like, "Excuse me?!" Real masculinity is so much more than that, babes! It's, like, totally about confidence and self-expression! You don't have to be a rock all the time, you can also be soft, vulnerable, and, like, totally in touch with your feelings. Just look at my boy Ryan Gosling! I mean, he can be intense and show emotions, right? Swoon.

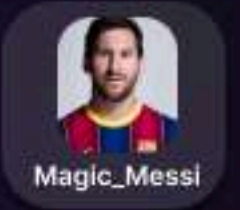

don't even get me started on goth mommies—talk about strong feminine energy! Masculinity can totally vibe with that energy when it's, like, balanced and respectful. Being a man isn't just one thing, okay? It's like finding your own fabulous version of Kennergy that lets you be whoever you want!

Oh my gosh, don't even get me started on Margot Robbie! She's like, the most perfect human ever. I mean, she's Barbie, right? And, like, every time
